

ARES SHIELD CHALLENGE

One of Percy's first real quests is to retrieve some stolen items for Zeus and Ares. Zeus lost his master bolt and Ares lost his shield. In this game you will throw Ares shield into the basket to return it to him.

Team 1 and Team 2 will line up behind the set-up cones, in any order. On the "Go" command the first person in line will step into the tee area. They get to two frisbee throws from their tee. If they land in disc golf basket closest to them they earn 2 points. The middle target is worth 4 points, and the far target is worth 6 points. Otherwise they score 0. Once everyone has had a turn add up the score and the team with the most points wins.
