

Stone Cold Stare

On their journey, Grover, Annabeth, and Percy run into several different mythological monsters. One of the first of them being Medusa. For those of you that don't know, a look from Medusa can turn you to stone. Today you will use a mirror shield to turn that power back on her.

1.) One student will stand holding the shield over the recycle bin, ready for the incoming orbs (Yarn Balls).

2.) The rest of the students will make a line behind the yarn ball bin. The first person in this line will pick up a yarn ball, throw it to the student holding the shield. The student holding the shield will try and deflect the ball off the shield into the laundry basket. If successful the team receives a point, if not the student picks up the ball from the ground, runs back to their team puts the ball back in the bucket, and gets at the end of the line.

3.) The student who threw the ball runs to the recycling bin, picks up the shield and gets ready for the next throw. This continues until every student has had a turn for both roles in this game. The team with the most yarn balls in their recycling bin wins.

BALLS THROWN DIRECTLY INTO THE RECYCLING BIN WITHOUT HITTING THE SHIELD DO NOT COUNT.
